Education

- **Base Camp Coding Academy** - (June 2023 - May 2024) -
 - BCCA is a non-profit organization that puts students on scholarship to learn sev different coding languages as well as professionalism. In BCCA I learned about managing events, managing my time, and the coding languages.
 - **Community Team Coordinator** - event planning, outreach
 - **Video Game Development** working group
- **Northwest Community College** - (June 2023 - May 2024) -
 - BCCA is a branch of northwest, students are placed on scholarship to Northwest.
 - I received a certificate of Coding technology and a career certificate

Employment

- **Bank First Financial Services** Water Valley, MS - Oct 2022 - March 2024
 - Storeroom Manager

Projects

- **Star Explorer Universe**

Star Explorer is a universe I have created with each of my projects, it started with simple text based exploration game with no goal and I have started using it as a theme For the majority of my projects and a way to tell a story through my education in Programming. The theme currently has three different projects within the universe.

 - Star Explorer
 - Charlies, a fictional restaurant website
 - Star Charts, a Crud App with a login and registration system
